Yota Maeda

Alexander von Humboldt Foundation Postdoctoral Fellow
Technische Universität Darmstadt

Education

Apr 2019- Mar 2023: Ph.D. course in Mathematics, Kyoto University in Japan (Early graduation)
Advisor: Tetsushi Ito.
Thesis: Birational geometry and compactifications of modular varieties and arithmetic of modular forms
Apr 2015- Mar 2019: Undergraduate course in Science, Kyoto University in Japan.

Affiliations

Mar 2025 - current: Technische Universität Darmstadt, Alexander von Humboldt Foundation Postdoctoral Fellow

Sep 2022 - Feb 2025: Quantum Computing Center, Keio University, researcher.

Apr 2021 - Feb 2025: Advanced Research Laboratory, Technology Infrastructure Center, Technology Platform, Sony Group Corporation, researcher.

Others

Reviewer of zbMATH

Research Interests

His research interests widely lie in mathematical science. It ranges from arithmetic geometry (Shimura varieties, Kodaira dimensions and modular forms) to their application to quantum computing and machine learning.

Grants

Mar 2025 - current: Humboldt Research Fellowship

Nov 2020 - Mar 2023: Japan Science and Technology Agency, ACT-X: JPMJAX200P (A solution to Kudla's modularity conjecture, a study of Shimura varieties and their applications to the post-quantum cryptography).

Apr 2021: Japan Society for the Promotion of Science, Research Fellowship for Young Scientist DC1 (declined).

Personal

Japanese: first language
English: basic
Birthdate: March 11, 1997

E-mail address y.maeda.math@gmail.com

Skills

- Programming (C++, Python)
- Research experience on machine learning, cryptography and quantum computing

Academic Stay in Foreign Countries

- November, 2019 (3 weeks): University of Toronto, Canada
- May and September, 2022 (3 weeks & 2 weeks): Leibniz University Hannover, Germany
- September, 2022 (2 weeks): University of Bath, the UK
- January, 2023 (1 week): National University of Taiwan, Taiwan
- October, 2023 (2 weeks): Mathematisches Forschungsinstitut Oberwolfach, Germany
- January, 2024 (1 week): Taiwan
- February, 2024 (2 weeks): Vancouver
- September, 2024 (1 week): Montreal

Teaching Experience
2019-2021: Teaching Assistant at Kyoto University
Outreach activities
JST CREST: Mathematics caravan, expanding Mathematics in Kyoto (2024)

Work

0 Thesis
